My name is Marianne Vydra and I live at 1333 NW 17th Street in Corvallis OR, 97330. I am submitting this testimony in response to two others already in the Board of Commissioners Reconsideration record, as it relates to the DEQ Pre-Enforcement Notice:

Janet Ohmann's testimony (Record ID: BOC4_T0780) and Faye Yoshihara's testimony (Record ID: BOC4_T0778)

I am writing you as a bicyclist and a hiker who frequents the MacDonald Dunn Forest and surrounding roads for exercise. I seriously have to consider the wind direction when I am exercising out that way now and have completed stopped going to the Dunn forest near Soap Creek. The stench is CHOKING and makes me GAG. It smells of death and gas and filth. The last time I was on Soap Creek and Tampico road was June 14, 2025 according to my logs. I smelled the mess as soon as I stated my descent from the Louisberg Saddle down toward Soap Creek which was the first time I'd smelled the foulness at this distance. I do not trust Republic Waste to do the right thing and I am scared of the chemicals they are leaching into our air and our water. Please do not vote for expansion.

Marianne Vydra
