Subject of Testimony: Coffin Butte landfill in Benton County

Written Testimony:

I oppose ANY expansion of the Coffin Butte Landfill in Benton County.

I am a very concerned tax paying resident of Corvallis and I am aware of the multitude of violations that the parent company, Waste Management, has committed at this location, and never resolved.

This site is already a severe risk to the health and wellbeing of its surrounding community, and even further due to the leakage into our watershed.

We are not idiots. It is obvious that the communities' wellbeing is not currently the top priority. This needs to change immediately. Your constituents will not stand for any less than competent, conscious representation.

Please make the morally correct choice to deny a corrupt corporation your influence.

Thank you for your time and consideration,

Matthew G
