Dear County Commissioners of beautiful Benton County,

I vote an emphatic and resounding **NO** on a Coffin Butte expansion that allows Republic Services to profit against our community's best interests by taking in more trash from other cities and counties far and wide.

I also think sending a misleading text message like the one below to EVERY resident in their service district unsolicited to further their own gains and goals is in poor taste and speaks to the integrity of this company's leadership. I have not liked the diminished quality of services they provide for quite a while; I do not approve that the county has continued to extend their contract for so long; and I do not support an expansion of Coffin Butte, particularly not under this organization's oversight and control.

With appreciation for your attention and gratitude for your service,
Cindy Alexis
Corvallis resident since 1999

This is Benton Clean & Strong.

Our County Commissioners need to hear from residents like you who want to strengthen our economy, keep services affordable, and protect our families from rising costs.

Send an email now to support the Coffin Butte expansion.
