Written Testimony:

Why are we rehashing this? Expansion of this facility only benefits Republic, not the people of Benton County or the individuals who are in the toxic environment around the landfill. Enough. Let the waste from outside our communities be shipped to Eastern Oregon or to outside Portland or other counties and let them be poisoned, inconvenienced, and have to deal with the growing waste and greed that is incumbent in the expansion. WE DO NOT WANT THE EXPANSION. PERIOD. No more discussion. Deny it permanently.
