

RE: Trash Town USA - A Paradigm Shift in Waste Management.mp4

Dear Commissioners Shepherd, Malone and Wyse:

I am uploading the video "Trash Town USA: A Paradigm Shift in Waste Management" on behalf of the VNEQS organization – please see their testimony about this video, to be submitted when County staff release the direct link to this video.

Due to the expansion's impact on the land uses and quality of life of our community as documented in this video, I urge you to deny the LU-24-027 application. Thank you,

Ken Eklund
