Dear Benton County Board of Commissioners,

My name is Laura Garcia and I live at 1824 NW Douglas Pl, Corvallis OR 97330.

I'm writing to say that I strongly oppose the expansion of the Coffin Butte Landfill. My main concern is the toxic brew called leachate. With all the rain that falls in this county the leachate will always be a problem. The water treatment plants in Corvallis and Albany are not equipped to remove all the toxins before it is released into our beautiful Willamette river. The river is drinking water for communities downstream. Do we turn a blind eye and hope no one gets sick? I say no!

I say we send our trash to the dry east where leachate won't be a problem.

Please reject LU-24-027

Thank you for your time,

Laura Garcia
