Dear Benton County Board of Commissioners,

I am writing to inform you that I strongly oppose the expansion of the Coffin Butte Landfill.

I am concerned about leaking methane gasses and the terrible odor which gets worse every year.

Fire is also a concern, as the chief of the Adair Fire Department stated that their little volunteer fire department is NOT equipped to handle a large fire at Coffin Butte Landfill.

Finally, the leacate toxic stew that percolates through the earth into our lovely Willamette River is not sustainable. Coffin Butte needs to go!

Respectfully,
Gregory Garcia
