Dear Benton County officials,

As an 8 year resident of Corvallis Oregon, I wanted to express my support for the landfill expansion permit. With the landfill already in place, I think an expansion makes sense from a logistical point of view. I'm also very frustrated with the pseudo environmental movement that has arisen in this city. We have to send our trash somewhere. Even if that trash isn't coming from Benton county, we already have an effected site. It doesn't make sense to push this problem onto other communities with less money and less influence. I hope that you will think big picture here and approve the project.

Best,

Tristan Winkle
