Dear Chair Wyse and Commissioners Malone and Shepherd:

As part of its vocal opposition to the landfill expansion, the public has put a number of videos into the Public Record for LU-24-027.

This one is a short testimony (8 min) by Kevin Higgins, retired captain of Adair Rural Fire. He has extensive boots-on-the-flaming-ground experience with fighting fires at the landfill – and may not be able to testify in person before you, so reviewing his testimony about fire safety at the landfill is well worth your time:

Thanks for your consideration on this matter, which is critical to the county's future.
