Benton County Board of Commissioners

Dear Commissioners Wyse, Malone and Shepherd:

Hello-I'm a local resident writing today with concern, about the landfill expansion.

Consider all the risks. One risk is fire hazard. The Adair Rural Fire and Rescue organization has the means to keep a rural town and area safe. It does not have what is needed in the case of a large methane fueled fire. Expanding the landfill is not just an economic issue. It risks destruction of life and property.

I strongly urge you to deny the application to expand the Coffin Butte Landfill.

Sincerely yours,
Connie West
