Dear Benton County Commissioners

I would like to state my strong opposition to the Coffin Butte expansion proposal (application number: LU-24-027).

It's obvious that the expansion is not appropriate for the location. In addition the current landfill has not been adequately managed (gas, smell and leachate emissions), how can we trust them going forward. Thirdly, there seem to be viable landfill options in Eastern Oregon that could be considered instead.

I urge you to follow the Planning Commission's recommendations and deny the landfill expansion proposal!

regards,
