Dear Planning Commissioners,

And now for something completely different. You've possibly waded through hundreds of LU-24-027 testimonies at this point and could use a break? Please take two and a half minutes to watch this delightful little music video of beloved Corvallis singer-songwriter Neal Gladstone's song "Goin' to the Landfill". It's short, and will hopefully put a smile on your face.

As you're listening/enjoying... I hope you will pay particular attention to the lyrics of the final stanza...

...and then note that *this was written nearly 25 years ago*.

Maybe... just maybe, *this time around* things could be different(?)

Please deny this expansion.

Submitted with heart and sympathy for your enormous undertaking in this hearing,
