Dear Madam or Sir,

As a resident of Benton County, I strongly oppose the expansion of Coffin Butte Landfill. The landfill is already impacting the health and survival of fish and wildlife, including in the adjacent E.E. Wilson Wildlife Management Area, and landfill expansion will only exacerbate these impacts. Long-term pollution of land, water, and air is the landfill's legacy, and expansion will ensure that Benton County residents will be contending with these problems for generations to come.

Thank you for your consideration of my written testimony.

Sincerely,

Daniel D. Roby
