Subject of Testimony: landfill expansion

Street Address: 4064 NW OAK GROVE DR

Written Testimony:

As a resident near the landfill I am very concerned with the health issues from the landfill. The reports to the EPA have not been truthful in respect to what the dump is putting into the ground water or the air that we breathe. The road conditions are bad from losing waste from trucks going to landfill, from the weight of so many trucks using this route daily. This dump site was not started to be a dumping ground for so many counties, only for Benton and Linn Counties. It has become a ugly, stinking mess that just grows and grows. Lets let other counties worry about their waste not Benton County
