Dear Planning Commissioners,

I was going to sort through and then send some of the MANY EXCELLENT testimonies given over multiple days of public hearings regarding concerns over the dangerous attempts from Republic to expand the landfill, but I didn't.

Why not you may ask?

Because they are ALL IMPORTANT and filled with facts that should lead any intelligent human being to conclude that any attempt for Coffin Butte expansion is a dangerous and horrible idea that ONLY serves Republic and harms Benton County. Period

Thank you for your hard work and for doing what is right and just for Benton County and Oregon!
